 VIEWS**

*Not*  
 JUST ANOTHER  
 DAY AT THE  
 OFFICE

**"Connecting the World of Medical Products to the Point of Care" – Owens and Minor**

A single point of care. For the man who just received an unexpected diagnosis, the child who will undergo years of treatment, the woman who has been managing her symptoms for years, a single point of care can make a world of difference.

The new Client Engagement Center will position Owens and Minor to deliver an even better quality experience to the health systems they support, which will in turn benefit the men, women, and children who need it most. Kjellstrom + Lee is proud to partner with O&M on this truly one-of-a-kind, innovative office environment. It will not just be another day at the office.

PROJECT DETAILS

- A three-phase, 5 floor renovation; 3 full and 2 half, of the Riverfront Plaza building to create the O&M Client Engagement Center.
- Approximately 75,000 SF of space was renovated within the occupied East tower.
- We created open office space with open ceiling breakrooms, huddle rooms, new ADA restrooms, renovation of the existing core restrooms, new offices, new interconnecting stairwell between 4 floors, and new game rooms.
- All spaces will integrate glass storefront, Glass Doors, and sliding barn doors.
